

LIVESTOCK WINTERIZATION WORKSHOP

DINÉ COLLEGE SUB ACTIVITY ROOM

DECEMBER 19, 2018

TIME: 9AM – 4PM

Animals are more tolerant to cold and wind than their owners, nevertheless, it is still important to make sure they are well cared for when the weather becomes severe. How much protection they need really depends on the type of animal species. To address these concerns the Land Grant Office is hosting a workshop on Thursday December 19, 2018 in Tsaile, AZ at the Diné College Sub Activity Room. We will cover a wide range of winterization preparation for Cattle, Horse & Sheep as well as other topics. If you have any questions regarding the workshop or future workshops please contact the Land Grant Office at: 928-724-6941 or visit our website: www.navajofarmerandrancher.com
